HOMESTRAD MURDERERS SENTENCHD. Pirtsburg, 4th March. The Criminal Court room was completely filled this morning with persons interested in the santonce to be passed on the men convicted of Poisoning non-union workman at Homestead. Hugh P. Dempsey, District, Master Workman of the Knights of Labour, one of the most prominent, was one of the first arrivals in curt. He expressed himself confident of a favourable decision by the State Supreme Court on his case, and said that to-day's senton o would not likely stand. Robert J. Beatty, Patrick Galleghor, and James Davidson, the others convicted, were braught into Court and showed signs of nervousness. Dempsey was sentenced to seven years in the l'enitentiary. He was completely taken aback at the severity of his punishment and left the Court room dazed. Beatty, who also received seven years, was much affected thereat. Since he has been confined in jail, his hair has turned grey, and his eyes were filled with tears, as he was taken back to jail. Gallagher and Davidson received five and three years respectively. They took their punishment stolidly.

CATABRH. HAY FEVER, CATABRHAL DEAF-NESS:—A NEW HOME TREATMENT.—Sufferors are not generally aware that these discusos are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eastschian tubes.

Microscopic research, however, has proved this to be a fact, and the result is that a simple remedy has been formulated whereby these distressing diseases are rapidly and permanently oured by a few simple applications made at home by the patient once in two weeks. A pamphlet explaining this new treatment is sent on receipt of 24d, stamp by A.-Hurron Dixon, 43 and 45, East Bloor St., TORONTO, Canada -- Scientific American.
